I just got off the phone with Liz and we think you also need to talk with NBC since we are talking to ABC. Can I call you or can you call me at 201 563 0125?

Hi Judith
I just saw this request and had responded that we don't comment in detail about ongoing investigations. I understand you have agreed to do an interview. I am at Easter dinner at a friends house without my computer, but Liz is asking for talking points. I don't know that we have any. Should I just stand down?

Subject: NBC News - TODAY request

Hi Mary,

I am reaching out on behalf of NBC News and the TODAY show regarding the claims from Stephen Esmond, Dr. Theresa Devine and their two teenage sons who stayed at the Sirenusa Condominium Resort in St. John that they were sickened by a pesticide used on the property. Would anyone from the EPA be available for an on-camera interview today to discuss this further?

Best,

Stephanie Siegel
